

A Level Sociology Summer Preparation

Conduct your own research

Structured interviews on gender socialisation

1. Create **5** questions – a mixture of **closed-ended questions** (fixed choice responses e.g. YES/NO, options to tick) and **open-ended questions** (people answer in their own words).
2. Run your interview questions with **at least 5 people** – you say each question out loud and write down their answers.
3. Review your findings – what did you find out? (e.g. *4 out of 5 people think giving pink to girls and blue to boys is ok*)

➤ ***Bring your research and findings to your first Sociology lesson***

Bring the following equipment to your first lesson:

- 2 Lever Arch Folders
- Dividers
- A4 lined paper
- Highlighters
- Black, blue and green pens
