

Tutorial Notices: Autumn Term #3

Welcome back after the half term break. We hope that you had a productive, but also restful week and are ready for the next half term and countdown to Christmas! This edition of our newsletter has lots of careers and next steps information, so please take the time to read through. We will endeavour to keep you up to date with college opportunities and information that can support your academic and personal development.

If there is anything you would like including here, please send an email, along with any pictures or photographs to student.newsletter@wyke.ac.uk and we will send this out in the next edition.

College Opening:

We would like to reassure you that the college will continue to open as we had planned before the half term break. Our 50:50 model is both protecting students and ensuring that you all get at least some face to face contact with your teachers and your peers. We still have no evidence of infection occurring onsite and I thank you all for following our procedures and keeping each other safe.

To confirm:

- Year 1 onsite 3/11/20-6/11/20
- Year 2 onsite 9/11/20-13/11/20
- Exams will continue as planned
-

'Hands, face, space' still applies and, if you have any symptoms, please do stay at home, get a test and contact covidconcerns@wyke.ac.uk to let us know.

Face Coverings:

Please remember that students are expected to wear face covering in the corridors, in social spaces and importantly, on the transport network.

Any student that forgets their face covering must report to the main office and collect one. The staff in the office will distribute masks for free, but student details will be logged and disciplinary warnings will be issued if you forget your face covering on three separate occasions. Of course, if you are exempt, please do let us know and this will not be logged.

Please take responsibility for wear a face covering on site and on ALL transport networks.

Stay Alert and Keep the College Open!

UCAS Deadline:

UCAS

Our UCAS internal deadline has shifted forwards slightly to Friday 27th November. This is to fit it with the week when second years will physically be in college. Once you have

completed your form, you must print this off and arrange a time to meet with your tutor so that they can check this for you and ensure you have completed all the sections correctly. They will then instruct you on the next steps. Good luck with your applications!

Merchant Navy Open Event:

Volunteering Opportunities:

Are you interested in volunteering at Hull Karting?

Hull Karting are looking at taking on 4 volunteers (varying hours). You will get full training.

If you are over 18 and interested in karts, racing, mechanics etc and would like further information, please email: Vicky.riseham@wyke.ac.uk

Labour Market Information:

For all things related to the local labour market, including job opportunities and the learning about the skills you will need for the future, please visit

<https://lmihumber.co.uk/wp-content/uploads/2020/09/September-2020.pdf>.

This newsletter will give you lots of vital information on getting prepared for your next steps, whether you are a first or second year.

Engineering Apprenticeships:

A graphic from HETA (Engineering The Future) titled 'Applications Open Now'. It lists six steps in a circular flow: 1. Apply online (requires at least 4 GCSEs at grades 5-9), 2. Engineering Test (evaluate engineering reasoning), 3. Open Events (learn more about HETA programs), 4. Formal Interview (discuss training and workshop tour), 5. Company Open Day (find out more about client companies), and 6. Company Offers (put forward for interviews, successful applicants get offers). A footer note mentions COVID-19 adjustments. At the bottom, it says 'Apply online, visit www.heta.co.uk'.

Applications for Engineering apprenticeships are now open with HETA. Please follow the links on their website for more information.

Tech Week Humber:

Get registered for Tech Week Humber – lots of information about employers including IBM, Google etc, linked to the digital sector. Local business are invited to the week to host their own event, exhibit and shout about what they have to offer. The region is full of innovative tech companies and this is an excellent platform to promote this.

The education day is where plans are being set to stream the event into the classrooms of all secondary schools and colleges in the region with the aim of inspiring the next generation of tech talent.

Registration for the enterprise day is live here www.techweekhumber.com along with lots of other information about how the week will look.

Togetherall:

Did you know that Togetherall has some great reading material and articles on a wide variety of topics related to our mental health and wellbeing?

Tune in, tune out

When our head's full of unhelpful thoughts it can feel there's no let up. But there are ways to find relief from the negative noise in your head.

Our mind is like a radio station that is always on. It pays to be curious and listen to what's being said. But that doesn't mean we should believe or buy into everything that we're hearing.

Just as the news focuses on what's bad in the world, our minds can give us a negative slant on things, especially when we're feeling anxious or down. We dwell or obsess over the bad stuff and forget or discount the good stuff. And for some of us this negative thinking can turn into a habit that's hard to kick.

But the good news is that we can break negative thought patterns and get a more realistic take on things...

Please log on to read more on this, and lots of other topics.

Half Term Timeline:

W/B	Mon	Tues	Weds	Thurs	Fri
2/11/20	Training Day English GCSE Re-sit	College re-opens Maths GCSE Re-sit Year 1 In College	English GCSE Re-sit	Maths GCSE Re-sit
