

Wyke Sixth Form College
Bricknell Avenue
Hull
HU5 4NT

July 2022

Dear Prospective Student,

You are receiving this letter as you have expressed an interest in studying BTEC Music Technology (Digital Music Production) on your Wyke application. In order to be accepted on the course at enrolment in September, you will need to complete an online music production task. On a **google chrome browser** please go to <https://edu.bandlab.com/join/mxcape4>. If asked for a password please enter **MXCAPE4**.

Here you will need to complete the task **'Create a song using Loops – Wyke Summer Work'** and then **'Extension Activity – Summer Work'** by **Friday 28th August 2022**.

If you have previously done music either at school or on personal projects please send a portfolio of recorded songs or videos of live performances to [Portfolio](#) by **Friday 28th August 2022**. This will support your application and increase your chances of being accepted onto the course.

We would like to take this opportunity to thank you for choosing to apply to study on our course at Wyke, and look forward to meeting you soon!

Best wishes,

Steve Cutler
Music Technology Course Leader
